This brochure presents the Caravans from HYMER. In addition to the caravans HYMER offers a comprehensive range of motorhomes. Should you be interested in them, ask for the following brochures: HYMER Alcove, HYMER Semi-Integrated, HYMER EXSIS and HYMER Van or HYMER Style Collections.

Just go to: [www.hymer.com](http://www.hymer.com)

Surf at HYMER. You'll always be up to date by going to [www.hymer.com](http://www.hymer.com). What's more, the picture gallery will show you the vehicle you desire in greater detail than is possible in this brochure. And, if you like, you'll receive the HYMER Newsletter to keep you abreast of the very latest developments.

## The HYMER Welt

Experience the great wide world and make your dreams come true, enjoy holidays with the freedom to go as you please.

There's no limit to the individual possibilities you have. Experience freedom to travel as you please, discover the wonder and fascination of the unfolding world.

Enjoy holidays of a very special kind – far away from the hectic bustle and stress of everyday life.

HYMER redefines holiday freedom to give your vacation a completely new dimension.

Go where your fancy takes you...

## Eriba-Touring

The classical Eriba-Touring caravans are based on an outstanding concept offering compelling aerodynamic and streamlined attributes. They have a light empty weight, are low in height and hence have perfect road-holding characteristics. Tailor-made for carefree travels

Touring Chili is the name given to the cheerful red version of the Touring models.

## Eriba-Touring

Featuring 33 layout versions, the Touring range offers the widest variety of ideas for the living area. No matter what your requirements, in the Touring models you will find design features carefully orchestrated to complement the decor.

Fresh furnishing highlights put the finishing touches to the overall picture. Discreet fabrics add soft, harmonious notes.

## Eriba-Touring

Presenting a real spatial wonder. The compact interior design of the Touring models never ceases to amaze. It proves what a comfortable life style is afforded even where space is not so plentiful - if it is well-planned.

The kitchens provide the convenience you expect for long tours.

## Eriba-Touring

Convenient washrooms with plenty of room for paraphernalia can also be created in a small space.

Perfect construction meets well thought out design. Attention to detail and captivating practicality are the delight of every caravanning enthusiast.

## HYMER-Feeling

The modern interpretation of an ideal caravan for travelling. Tailor-made for enjoying a great travel experience along with a sense of spaciousness. Low on the road, plenty of room on the site. An amply dimensioned pop-top offers these advantages.

The outside design comes in four versions to choose from: in discreet white as standard, or in elegant silver metallic on request, or combined with sporty rally stripes.

## HYMER-Feeling

What a Feeling! The interior decor is also captivating with its contemporary, attractive furnishing. Homelike and practical. An ambience with character.

The trend-setting design is the uncompromising answer to the desire for dynamic driving qualities and a timeless interior decor. Eriba-Feeling for all those who yearn for independence.

## HYMER-Feeling

The aspiration for extra quality of life is also reflected in the kitchen. The kitchen units with 2-burner hob, or 3-burner hob on request, form the focal point. Precision in compact dimensions. Incorporating all the features which go towards making a kitchen complete. Formally integrated into the overall living area.

Not only is everything harmoniously matched, practicality is manifested right down to the smallest detail. Plenty of storage space and drawers. Every detail has been lovingly crafted. It's here that perfection finds its expression.

The washroom gives the perfect start to the new day. Its compelling design makes ingenious use of space and includes a host of practical details.

Those stepping into an Eriba-Feeling for the first time are immediately drawn to its unique atmosphere. The pop-top solution defines the Feeling. The high-quality furnishings and fittings have been systematically attuned to the owner's requirements.

## HYMER-Living

Sand, sea and fun. The HYMER-Living presents a fresh, new exterior design. Layouts of especially family-friendly appeal are the hallmark of this range.

Children are always welcome in the HYMER-Living. Various children's room solutions provide plenty of space for playing, reading and recreation.

## HYMER-Living

HYMER offers a versatile array of appointments, coupled with superb, long-lasting comfort. Freedom of movement for the whole family! The furniture of the HYMER-Living series is styled in Ligurian alder wood finish.

Design elements such as round aluminium features lend a smart, youthful flair to the ambience.

## HYMER-Living

The scheme underlying the 12 models is clearly structured, but nevertheless leaves a great deal of latitude for personal wishes.

Choose your „dream caravan“ matched to your very personal requirements from the various models:

- twin beds
- Fixed bed
- children's room with cross-corner bunk bed
- bunk bed with protective guard or
- dinette and folding bed.

## HYMER-Living

A view inside the HYMER-Living 530. An ambience with the feel-good factor. With comfortable twin beds and an inviting U-shaped seating area.

The washroom in the HYMER-Living 505 presents a new version with a curved cupboard and taps in perfect harmony with the chic, youthful design of this line.

Children's living and sleeping area in the HYMER-Living 505. The bunk bed for romping in or for retiring to rest. A bunk bed with 3 berths is available on request. Toys and books are carefully stowed away in the pockets.

## HYMER-Nova

The premium class.

This high-class range is the epitome of dynamic and aesthetic qualities. The classical and yet modish elegance of this series is manifested in its curved outer contours and in its superior styling.

Experience exclusive independence. The „HYMER-Moving“ equipment variant for experiencing unlimited freedom: incorporating an electrical autonomy package, a hot water boiler and a host of features. This goes to make every HYMER-Nova an HYMER-Moving, identifiable by the Moving logo on the outside.

## HYMER-Nova

Enjoy the good times in an upmarket ambience of impressive grace.

Experience design concepts creating utility areas, without compromising on harmonious homeliness.

The overhead cupboards in the distinctive „Jet-stream look“ are practical and attractive in design, lending the interior a very elegant note and a high quality character.

## HYMER-Nova

An exquisite ambiente and impeccable furnishings create a pleasant living area. Comfort married with class. The spaciouly designed interior promises special moments of rest and relaxation. Luxury par excellence.

The stylish kitchen. Hob and a large sink, both compactly let into the working surface. When the modern glass cover is on top, it's almost out of sight.

Nighttime peace in the HYMER-Nova 545. A pleasingly open interior concept offering plenty of space for self-expression. The indirect lighting system in the living and sleeping area is discreet and very cosy at the same time.

## HYMER-Nova

Indulge in a sense of well-being!

The washroom offers the ideal facilities for daily styling so your day gets off to a fresh start.

The round washbasin in wood and chromium look in the HYMER-Nova 435 stylishly accentuates the elegant design.

Practical and individual: the wardrobe of the HYMER-Nova 540 FB. The seat offers extra space and, when folded, further storage area.

## HYMER-Nova

Universal suite in the HYMER-Nova 680:  
Not just a children's room - the width of the cross-corner bunk beds offers ample space for a parent to retire comfortably together with a toddler.

The bedside table is attractively styled, lending the bedroom a distinctive flair.

## Technology Touring/Feeling

Trend-setting technology from the house of HYMER ensures your caravan a long life and good road-holding characteristics.

The seasoned AERO system of almost 50 years' standing with the legendary steel tube frame ensures that the Eriba-Touring models see a long life.

This light, self-supporting structure resistant to decay has a stove-enamelled aluminium outer skin and a rising roof made of glass-fibre reinforced plastic. Featuring a low overall height of 1.98 to 2.20 m, the Touring models are mostly of garaging dimensions.

HYMER was the first manufacturer to carry the GS mark of certified quality and safety. Even today only a few manufacturers are allowed to use this mark. HYMER is also the first manufacturer to give a 6-year water ingress warranty for the body shell – and has done so for almost 20 years now.

**6-year water  
ingress warranty**

See separate warranty terms.

Innovative ideas in the new Eriba-Feeling. The spacious pop-top and the PUAL method of construction (see page 43) unite the benefits of outstanding insulation with a design promoting dynamic performance.

## Technology Nova/Living

In addition to incorporating innovative technology, HYMER caravans exhibit outstanding quality features.

Technological advancement in tandem with good styling. The HYMER-Nova won the Design Award 2004. Innovation for new mobility.

HYMER was the first manufacturer to carry the GS mark of certified quality and safety. Even today only a few manufacturers are allowed to use this mark.

**6-year water ingress warranty**

See separate warranty terms.

HYMER is also the first manufacturer to give a 6-year water ingress warranty for the body shell – and has done so for almost 20 years now.

PUAL construction principle in the HYMER-Living and HYMER-Nova models. The excellent insulation of the walls, roof and floor, plus insulated wheel arches, is also reflected by the top rating given in the "Caravaning" magazine with "Good heating – high insulation values".

The double awning rail of the HYMER-Nova means spike holders no longer have to be screwed into the side wall but can be slid in the awning rail as needed. The structural features of the HYMER caravans also mean that enormous snow loads are not an issue.

# Eriba-Touring layouts

# The upholstery fabric variations

Choose your favourite arrangement from the following fabric combinations

For caravans with UK specification only selected upholstery fabrics in flame retardant finish (without Teflon protection) available. Please contact your local dealer for further information.

The fabric of which dreams are made.

The fabric combinations are an essential feature of the interior design. That's why our wide selection of upholstery materials makes your vehicle so unique.

The attractively patterned, high-quality upholstery materials are treated with Teflon for essential anti-soil protection.

## EC Directive:

The EC Directives 70/156/EEC as amended in 97/27/EC and EN 1645-2 mean we have to take leave of the terms „maximum permitted laden weight“ and „unladen weight“ we are so familiar with. But that's not all.

The new terms „technically admissible maximum laden mass“ and „mass of vehicle in running order“ also have a different meaning. „Unladen weight“ is no longer just unladen, but relates to the mass with gas supply, water, etc.. Your advantage is that you now have a properly defined, pan-European standard of comparison by which many manufacturers abide.

Technically admissible maximum laden mass means just as much as maximum permitted laden weight: mass of vehicle in running order plus load. Mass of vehicle in running order means: weighed with 100 % filled gas supply, 100 % filled water tank and cable drum. Please note:

The maximum authorised towable load of your car according to your motor vehicle certificate always relates to the actual weight and not to the admissible laden weight of the caravan.

If, for example, a towable load of 1200 kg is registered in your car papers, you are allowed to tow a caravan with a higher admissible laden weight, but may load it only up to 1200 kg maximum plus permitted drawbar load.
